

How to Attend Photon Camp

1. Complete the application (<http://www.optics.rochester.edu/about/photon-camp.html>)
2. Complete permissions and liability release form.
3. Create a personal statement of approximately 300 words or less describing our interests and future ambitions.
4. Ask a teacher for a letter of recommendation (math or science teacher preferred).
5. Submit the following documents to Dustin Newman:
 - a. Application
 - b. Permissions form
 - c. Personal Statement
 - d. Letter of recommendation
 - e. Transcript
6. Above documents are due to Dustin Newman no later than 5pm on May 15th and must be legible.
7. Documents may be submitted via mail or email.
 - a. Submit documents electronically to dustin.newman@rochester.edu
 - b. If you are submitting via U.S. mail, use the following address:
 - i. Dustin Newman
The Institute of Optics
PO Box 270186
Rochester, NY 14620
8. Photon Camp is geared towards rising Juniors and Senior who have taken pre-calculus and/or physics. These students will be considered first. **However**, we encourage all rising Juniors and Seniors who have taken trigonometry and algebra to apply.
