

Assignment: Homework 0

This homework is to better prepare you for the course and will not be graded.

Tasks

1. Download a bibliography management software (e.g., Endnote, Mendeley) and start using it when you read papers. Endnote can be obtained for free from our university <https://tech.rochester.edu/software/endnote/>. Mendeley is free at <http://www.mendeley.com/>.
2. Join the ISMIR community mailing list at <http://www.ismir.net/>.
3. Join the Auditory mailing list at <http://www.auditory.org/>.
4. Review your knowledge about Python or Matlab. There are lots of resources online such as:
